OBJECTIVE

Seeking a full-time position as an Industrial Designer. Highly motivated and driven to develop my skills to grow professionally. Willing to relocate.

EXPERIENCE

DFM DESIGNER AND PROJECT MANAGER FOR COMPOSITES MANUFACTURING.

Trans FX Inc. | Mar 2015 - Sep 2021

- Consulting for design ideation and manufacturing for a broad range of industries such as Aerospace, Themed Entertainment, and Art Displays.
- Finalize CAD models from customers and design tooling/molds/plug that are easily and economically manufacturable.
- Create technical drawings, shop drawings, work orders/ travelers with build and assembly instructions for CNC milling, fabrication, and finishing departments.

INDUSTRIAL DESIGNER (METAL SHOP)

Fry Fabrications | Jan 2013 - Oct 2014

- Designed and developed steel products from beginning to end for businesses and promotional events around the U.S. and Canada
- Developed drawings and drafting files in preparation for Plasma and CNC machining.
- Created presentations with photo realistic renderings (Keyshot) in accordance with customer specifications for approval
- Designed catalogs, redesigned logos and created various webpage layouts.

EDUCATION

BACHELOR OF SCIENCE, MAJOR IN INDUSTRIAL DESIGN

Arizona State University | 2009 - 2013

SOLIDWORKS TRAINING (BEGINNER/INTERMEDIATE), 20-WEEK CERTIFICATION COURSE

PDC of Glendale Community College | 2020 - 2021
